

Dear Parent

"Children are not passive objects of care and charity instead they are human beings with a distinct set of rights".

With this strong belief, we have initiated a project on ' **Child Rights**' in collaboration with the Slovenian Embassy and Kailash Satyarthi's NGO , Bachpan Bachao Andolan. We have had lively sessions with the **students of class VI & VII** on the issue and discovered them expressing their thoughts in myriad ways. The sensitivity they showed for the wider community of their peers living on the fringes of society was praiseworthy.

We have planned an awareness programme on Child Rights with students **on 1st October 2016, from 07:30 am to 10:30 am** on the basic Child Rights as prescribed under UN Convention .

Please note:

- I. Activities to be taken up

- II. Content to be carried
 - 10 colored A4 size sheets and a chart paper
 - Colors
