

Every Day is Earth Day

Dear Parent

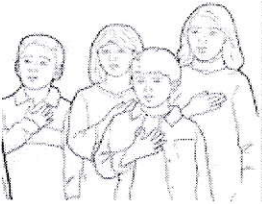

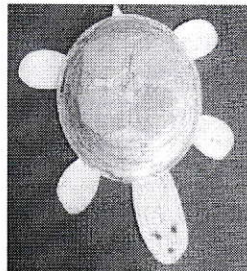

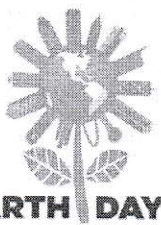

Each year in April, "Earth Day" is celebrated on the 22nd. It has been our constant endeavour to sensitize the young minds of the problems of our environment, the need for preserving earth's resources and maintaining the ecological balance.

To enable the students to "learn by doing" and imbibe the same in everyday lives, a plethora of events have been organized at school. Our little dipsites will be made aware of the 3R's (Reduce, Reuse, Recycle) and will enjoy participating in the "Earth Week Celebration" from April 17 to April 21, 2017.

Kindly sensitize your ward to join you in reducing possibility of wastage at home. Show them how to reuse clothes, toys and other unwanted materials or utensils. Educate your ward to donate, as it is a conscious act of re-using material which can be very well used by someone else. Set up one or more recycle bins in your house. You can use one bin for tin cans, plastic and foil paper and one for paper and peels. Same has been done in the class room.

Material to be brought from home : Students are required to bring one disposable paper bowl and one sheet of old newspaper for craft on day April 20, 2017.

We take care of our Earth!

पेड़ ना कोई काटने पाए

पेड़ ना कोई काटने पाए,

जंगल अब ना घटने पाए,

मिलकर हम सब कसम ये खाँए,

आओ मिल कर पेड़ लगाएँ ।

These are our little hands making a big difference.... building a greener tomorrow...

Your encouragement to your ward to participate in this effort to save our beautiful planet would be appreciated.
