Dear Dipsites,

The world has been talking about the current Covid crisis. The impact of these unprecedented times is being debated on several platforms. **Will the world heal? How will the local and global economies transform? Will the political dynamics change? Will gender roles evolve? Does online education hold the key to future? Will the migrant workers come back to the millennial cities? Is work from home the answer to few of the many environmental woes? How will my lifestyle change after the lockdown or will it??**

There seems to be no end to these questions. There are serious reflections on the otherwise neglected facets of our lives. Our ears are receptive more than ever to the animated conversation between those two Mynas jumping from one railing to another, our eyes are gazing at the blue sky with an unmatched clarity, our hands our clapping with unparalleled reverence for our helpers, who till now were just a page from the primary book on environmental science, our lips are saying some heartfelt prayers for not just our near and dear ones but for humanity. There is a dialogue taking place between I, Me and Myself. But keeping all these spiraling thoughts inside can get overwhelming. **Now is the time for connecting with others, as much as it is for self reflection.**

With this intent, we are launching the **“Think Aloud”** series, which will feature a **weekly prompt** that will be shared with you all every week through **the official WhatsApp class groups**. This prompt could be a word, a song, a quote by some famous personality. We invite all our Dipsites from the **senior section (IX – XII)** to share their musings either in **English or in Hindi**, centered round the given prompt in the backdrop of current times, with us via an **audio clip in mp3 format, not exceeding 2 minutes**. Kindly note that the language, content and tone used should be polite at all times and must not be offensive to the sensibilities of any individual or community. You are requested to share these audio clips with the **respective Class Coordinators by Friday of each week**. The same will then be featured on our school’s Facebook page after reviewing its length, content, language and tone.

Mail Id Details of the Class Coordinators are as follows:

Class	Class Coordinator	Mail Id

Let’s introspect, let’s connect and let’s think aloud.

Regards,

Principal
