Dear Parent

It is the dream of every student as well as their parent to enroll in the college/university of their choice. When they are in the next phase of their academic journey, students often realize the need to write essays early on to give themselves enough time to explore different styles and improve.

In this world where social media is the guru and YouTube as well as Instagram influencers are huge celebrities, students often express their views via blogs, vlogs, etc.

In order to facilitate knowledge beyond classrooms, **here's an interactive workshop (Free) for students in grades 9 - 12 to develop content and share their story through essays.**

Indage Writing Workshop for High School Students (Grade 9 - 12)

When : Sat, Aug 1, 2020

Time : 4.30 pm (India) / 3 pm (Dubai)

Register : <https://bit.ly/3j2qxum>

Information portal: info@indage.com

The topics in this workshop will include:

Brainstorming ideas | Different types of essays | Reader Engagement Strategy |
Structuring essays | Creating impact within word limits | Self-critiquing &
Leveraging content for different prompts

Look forward to helping your ward craft essays that will stand apart from the rest.

Regards,

Principal
