Dear Parent

“There is no magic to achievement. It’s really about hard work, choices, and persistence.” Michelle Obama

We strongly believe that the joy and opportunity to constantly learn new things, build new skills and expand the horizon of experience must continue unabated for all our Dipsites, across all levels (Nur-12). This belief has made us take pride in how far we have come, and have faith in how far we can go keeping the young saplings we're looking for in the centre. We believe that a journey that involves identifying strengths, nourishing them and then reaching out to excel in it, helps to achieve success. Our journey has been recognised and today once again it led to the great achievement during this year’s **Education World Grand Jury India School Rankings 2021-22.**
