Date: February 26, 2021

Dear Parent

With the successful execution of the Computer Science Examination, we are heading towards the other exams commencing from Monday. As our young Dipsites of classes V-VIII gear up for the **online Annual Examination -2021**, we reach out to you with a **keen request**.

We would like your very keen involvement in supervising the preparation for the exam through reaching out to us as often as necessary and personal guidance. We will be accessible for assistance on preparatory days as well.

However, on the day of examination in every subject, please become your ward's most strict invigilator to ensure -

- timely readiness with all materials such as writing sheets, pen, pencil, scale, eraser, uncluttered desk etc.
- the availability of comfortable desk, silent home environment with no disturbance in the background, doorbell, TV, phone rings etc.
- fullest concentration by ward to read the questions and answer in a neat and organised manner.
- the commitment of your ward to not get tempted to seek help /open any learning material. We would like the sanctity and ethics of the examination to be upheld most seriously. This is an important part of purposeful education and building of correct moral values in a child.

It will be wonderful if you can discuss the above mentioned points with your ward and build his/her understanding well so that **we achieve character -building alongside a determined effort to prepare for the annual examination**.

We thank you for your valued co-operation. We wish our Dipsites the very best of luck.

Principal
