Dear Parent,

Nestling gratification in our hearts and gratitude in our minds, we are delighted to share that our school is commemorating a significant milestone **13 glorious years of its enriching journey since inception alongside celebrating Earth Day on April 22, 2026.**

This occasion holds a special place in our hearts, as it was on April 22, 2013, that DPS Greater Faridabad began its very first academic session. Over the years, the school has grown into a vibrant institution nurturing young minds. The **alignment of this milestone with Earth Day** inspires us to reaffirm our commitment towards environmental responsibility.

To recognise this special day in a meaningful and dynamic manner, **your ward, who regularly attends morning sports practice at 06.00 am**, will also be participating in a cyclothon, a plogging activity, and a rally being held near the school premises on April 22, 2026. The event is supervised by the school staff.

Students interested in participating in cyclothon must come/bring bicycle along with their safety gears.

We appreciate your support and cooperation.

Regards

DPS Greater Faridabad
